Subject: Seeking information under Right to Information Act, 2005.

Dear Sir,

This is with reference to your application dated 14.08.2019 received by us on 19.08.2019 seeking information under Right to Information Act related to various information from Tata Memorial Centre. The information is given below seriatim :

Sr.No	Point	Answer
1	In figures number of General Patients surgeries done by TMC Director during year 1 st April 2018 to 31 st March 2019 with copies of supporting paper work.	As part of the hospital's ethos of encouraging multidisciplinary management of cancers each surgical specialty also participates in their respective DMG (Disease Management Group) thus enhancing overall patient care. Patients (both general and private) are registered under the respective DMG and not under individual consultants. It is our endeavor that all patients (both general and private) registered with Tata Memorial Centre are accommodated at the earliest possible date depending on the complexity of the case, anticipated duration of surgery and availability of operating room slots. In case a patient's surgery is likely to be unduly delayed because of logistic reasons patients are counseled regarding the option of seeking treatment elsewhere in the interest of patient care. Each concerned Disease Management Group seeks to constantly update patients regarding the possibility of offering them the earliest possible operation date at Tata Memorial Centre. This is a dynamic process and there is no overall waiting list or specific "waiting number" that can be provided by the hospital or individual Disease Management Groups at a particular date."
2	In figures number of private patients surgeries done by TMC Director during year 1 st April 2018 to March 2019 with copies of supporting paper work.	
3	Please provide copy of general patients waiting list for surgeries on 31 st July 2019.	
4	Please provide copy of private patients waiting list for surgeries on 31 st July 2019.
