D.O. P-16012/10-2016-PH-1
Dated the April 2017

Dear Sir,
"Cigarettes and other Tobacco Products (Prohibition of Advertisement and Regulation of Trade and Commerce, Production, Supply and Distribution) Act, 2003" was enacted in May 2003 mainly to discourage the use of tobacco and to protect the youth and the masses from exposure to second hand smoke (SHS). This Act is applicable to all the tobacco products and extends to whole of the country. Section -7 of the Act provides for Specified Health Warnings on all tobacco product packs.

2. The Ministry of Health & Family Welfare had notified the new pictorial warnings vide notification G.S.R No. 727(E) dated 15th October, 2014 and issued notification G.S.R. No. 739 (E) dated 24th September, 2015 for mandatory display of specified health warnings on both sides of the tobacco product packages covering 85% of the principal display area from 1st April, 2016. [A copy of the Rules/Notifications is enclosed]. In this regard, this Ministry's D.O. Letter of even no. dated 1st April, 2016 may kindly be referred to [copy of the letter enclosed]. Further, as per the Rules, during the rotation period of twenty-four months, two images of specified health warnings as notified in the Schedule, shall be displayed on all tobacco product packages and each of the image shall appear consecutively on the package with an interregnum period of 12 months.

3. The Ministry of Health & Family Welfare has recently made an amendment in the Cigarettes and Other Tobacco Products [Packaging and Labelling] Amendment Rules, 2014 vide notification G.S.R. 292 (E) dated 24th March, 2017. The Rules as amended with aforementioned notifications mandates that "the date of coming into effect of the second image (image2) of specified health warning, shall be for all tobacco products manufactured after the completion of twelve months from the 1st day of April, 2016". [A copy of the Notification is enclosed]. Thus, all tobacco products manufactured on or after 1st April 2017 shall display the second image of specified health warnings. In this regard, a Public Notice was also published for information to the stakeholders. [copy of the Public Notice enclosed].

4. The depiction of Specified Health Warnings would bring greater awareness and sensitization about the serious and adverse health consequences of tobacco use especially among the youth, children and the illiterate. Effective implementation of the Rules depends on concerted efforts of all the concerned Ministries/Departments of the Govt. of India as well as State Governments.

5. I shall be grateful if you could kindly take the necessary steps to ensure that the provisions of the Rules are duly enforced under your jurisdiction.

With regards
Encl: As stated above

Yours sincerely
Arun Kumar Jha
